Dear Sisters,
I was a great pleasure that you thought of writing to me. It is good to keep close to those whom one loves in times when we need them and in sickness is a time one loves to be remembered. Sr. Alexia I surely am sorry to hear that you had to give up again. I wonder what will happen to me yet, I will leave St. Mary's on Sat April 9 as present plans so far I never knew what was going to happen next until almost the time for it happen. I wonder much what God wants of me. You surely both of you went through plenty so you know. I will do the same. Keep me in your prayers. I will do the same.
